## Summary

A meticulous developer obsessed with coding, with interests in reading and creativity and a lifelong passion for coding. Enjoys exploring all areas of programming and staying current with new technologies.

## Experience

<b>Full-Stack Developer</b> , Checkless – Cairo, EG	Oct 2024 – Dec 2025
• Transforming ideas into code that works everywhere, blending design precision with full-stack performance to create smooth, modern digital experiences for web, mobile, and desktop.	
<b>Chief Executive Officer</b> , Checkless – Cairo, EG	Oct 2024 – Growing
• Led a team focused on building impactful marketing strategies that drive growth for our clients. My role includes setting the agency's vision, building a collaborative culture, and ensuring top-quality results. We're dedicated to helping businesses meet their marketing goals, strengthen their brand, and boost revenue.	
<b>Computer Science Instructor</b> , Golden Palace School – Giza, EG	Sep 2024 – May 2025
• Taught computer science, focused on programming, algorithms, and software development. Helped students learn key skills for tech careers and guided them in thinking effectively to solve problems.	
<b>Lead Developer &amp; Web Team Lead</b> , Plus One Up – Cairo, EG	June 2024 – Oct 2024
• Led a team of 4 developers in delivering high-quality websites and web applications, achieving an 120% increase in project delivery speed and 80% improvement in client satisfaction. Fostered a collaborative environment, ensuring on-time delivery while maintaining focus on quality.	
<b>Creative Developer</b> , Plus One Up – Cairo, EG	Oct 2023 – Oct 2024
• Developed immersive WebGL experiences, driving 94% increase in user engagement and retention. Expertise in full-stack development, project management, and problem-solving, consistently delivering innovative, visually stunning web solutions that elevate user interaction.	
<b>Customer Service Representative</b> , Raya CX – Giza, EG	Jan 2023 – Sep 2023
• Delivered exceptional client experiences, achieving a customer satisfaction score of 97% and reducing response times by 82%. Resolved inquiries and provided product support, consistently exceeding service expectations and fostering positive client relationships.	
<b>Cyber Threat Hunter</b> , Self-employed – Giza, EG	Sep 2019 – Nov 2021
• Skilled Cyber Threat Hunter to conduct proactive threat-hunting activities, identifying potential security incidents and vulnerabilities within our network and system.
